

¡ADELANTE!

Promoting Hispanic Diversity

The mission of the Texas A&M Hispanic Network is to serve as an advocate and support group on Hispanic concerns and issues at the University and local communities within the larger Association of Former Students organization. The Texas A&M Hispanic Network shall dynamically work towards increasing the number of Hispanic students attending Texas A&M University (TAMU), and enhancing their experience, education, and quality of life on campus.

TEXAS A&M HISPANIC ORGANIZATIONS:

COMMITTEE FOR THE AWARENESS OF MEXICAN AMERICAN CULTURE (CAMAC)

Mission

Founded in 1974, the Memorial Student Center Committee for the Awareness of Mexican American Culture (MSC CAMAC) is a student organization that focuses on uniting students from diverse backgrounds to establish an appreciation for various Latino cultures on the Texas A&M campus and Bryan/College Station community. We motivate the community to learn about these cultures through informative programs. Our committee engages in cultural and educational events, as well as in recruitment efforts for high school and transfer students. We also offer student leadership opportunities within the Memorial Student Center for our members.

Goals Statement

The Committee for the Awareness of Mexican American Culture (CAMAC) has been an MSC organization for over thirty years. Throughout the years we have dedicated ourselves to educating and serving our community as well as diversifying our campus. We also focus on instilling in our members leadership, communication, commitment, innovation, initiative, honor, diversity, and academia.

Message from Chair

I strive to develop MSC CAMAC as a prominent organization dedicated to Latino Leadership. We have our 20th Annual Student Conference on Latino Affairs (SCOLA) coming up in April and we are looking forward to a great conference. We have invited Consuelo Castillo-Kickbusch, the highest ranking female in the military (but is now retired and resides SA), and our

very own founder, Daniel Hernandez. So, we have a pretty good array of speakers lined up and are just excited at how it will all come together. The theme for this year is "Identity: Ayer, Hoy, y Mañana." We also have the 2nd Annual Latino Dance Competition on Feb. 15th, and our Annual Fiesta 505 celebration to end the year with a bang. In all, we have a pretty loaded semester with fun programming and leadership building among our members.

Amanda Flores, MSC CAMAC Chair

CAMAC Latino Dance Competition 2008

FYI

• At San Antonio region's last meeting, a representative of AT&T presented Jose Ventura, Chair, with a check for \$9,025. TAMHN San Antonio sold \$4,025 worth of tickets to the **AT&T Charity Golf Tournament** and was not only refunded that amount, but received a \$5,000 bonus for the organization that sold the second most tickets. These funds will be used for Fish Camp scholarships and to purchase Walmart gift cards for needy students.

PHONE CAMPAIGN NEWS

Houston's TAMHN conducted the first phone campaign Sunday Mar 9 at the Houston TAMU PSC. Rene Enrique, David Flores and Hector Cavazos made calls to approximately 80 students (out of the approximately 450) who have received letters of acceptance from Texas A&M. These students were from the Houston area. Several students have already committed to attending A&M and some are still considering their options and some are weighing the financial assistance from different universities.

The next phone campaign will be Mar 30, 4/13, 4/27.
